

Amendments to the Claims:

Please cancel 3, 13, 14 and 17. Please amend claims 1 and 15 as follows.

Listing of Claims:

1. (Currently Amended) A toy playset, comprising:

a track that is constructed from a plurality of individual track pieces that each have interlocking tabs ;

a wirelessly controlled small size vehicle that moves about said track; and,

a wireless transmitter [that is stationary and] structurally coupled to said track [while a wireless signal is transmitted to said wirelessly controlled small size vehicle].
2. (Original) The toy playset of claim 1, further comprising a fastener that attaches said wireless transmitter to said track.
3. (Cancelled) ~~The toy playset of claim 1, wherein said track is constructed from a plurality of individual track pieces.~~
4. (Original) The toy playset of claim 1, wherein said wirelessly controlled small size vehicle is shaped to simulate an automobile.
5. (Original) The toy playset of claim 1, wherein said wirelessly controlled small size vehicle is shaped to simulate a train.
6. (Original) The toy playset of claim 1, wherein said wirelessly controlled small size vehicle is less than 16 inches long and 8 inches wide.
7. (Cancelled)
8. (Cancelled)
9. (Cancelled)

10. (Cancelled)
11. (Cancelled)
12. (Cancelled)
13. (Cancelled) ~~A method for operating a toy playset, comprising:

structurally coupling a wireless transmitter to a track;

placing a small size vehicle onto the track; and,

controlling movement of the hand size vehicle about the track with the wireless transmitter while the wireless transmitter is stationary.~~
14. (Cancelled) ~~The method of claim 13, further comprising de-coupling the wireless transmitter from the track and controlling movement of the small size vehicle about the track.~~
15. (Currently Amended) A toy playset, comprising:

a track that has a docking station and is constructed from a plurality of individual track pieces that each have interlocking tabs;

a wirelessly controlled small size vehicle that moves about said track; and,

a wireless transmitter [that is stationary and] structurally coupled to said docking station [while a wireless signal is transmitted to said wirelessly controlled small size vehicle.]
16. (Original) The toy playset of claim 15, wherein said wireless transmitter is attached to said docking station.
17. (Cancelled) ~~The toy playset of claim 15, wherein said track is constructed from a plurality of individual track pieces.~~
18. (Original) The toy playset of claim 15, wherein said wirelessly controlled small size vehicle is shaped to simulate an automobile.

19. (Original) The toy playset of claim 15, wherein said wirelessly controlled small size vehicle is shaped to simulate a train.

20. (Original) The toy playset of claim 15, wherein said wirelessly controlled small size vehicle is less than 16 inches long and 8 inches wide.
